

## I've been walked all over!

That's what your carpet would tell you if it could talk.

### Imagine you were a carpet...

Thousands of grubby footsteps tracking across your back. Coffee, soda, chewing gum dumped on you. Dirt and grime mashed into your pores. Oh my!

If your carpet could talk it would tell you: "I need a bath!" Well we can give your carpet what it's begging for.

Our WholeClean carpet care program will have your carpet feeling fresh and clean. Your carpet will look like new again.
